Re: Tightline Construction, Adam Wilson

To whom it may concern:

We had the privilege of hiring Tightline Construction for framing the Bill and Dagmar Francis residence. We really came to appreciate the quality of Workmanship and diligence of Adam and his crew. They stuck to the job from start to finish, and more. As framers put it "it was a real tight job". All workmanship was completed with precision.

Adam and his crew developed a real good working relationship with the customers and kept them happy and satisfied. The 6x12 truss' and all the exposed beam work were done like real craftsmen. You have to see it to appreciate it. I wouldn't hesitate to hire Tightline Construction again for my next job.

Sincerely,
