

February 7, 2008

To Whom It May Concern:

This letter is a reference for Adam Wilson and Tightline Construction, LLC. Rose Construction, Inc. has hired Tightline Construction for several framing jobs over the last few years. They have always performed the work they contracted to do on time and on budget. The framing has been done to professional standards with no details left undone. Extra work we added has been done for a very fair price. Tightline Construction is a pleasure to work with and has my highest recommendation.

Sincerely,

A handwritten signature in black ink that reads "Pat Rose". The signature is fluid and cursive, with the first and last letters of each name being capitalized and prominent.

Pat Rose
President, Rose Construction, Inc.
